

STARSPIN — Sales Guide (English)

Website: starspin.cc

Support email: hello@starspin.cc

For: field sales — restaurants, salons, shops, cafés, bars

READ THIS FIRST — What is STARSPIN?

STARSPIN is an online tool (website) that helps local businesses get:

- More Google reviews (better ranking on Google Maps)
- More followers on Instagram, Facebook, TikTok
- Customer emails (for newsletters and promotions)
- Repeat visits (customers come back to use their prize)

How? The customer scans a QR code (square barcode sticker) on the table or counter. A fun prize wheel appears on their phone. Before they spin, they do simple steps — usually leave a Google review. They win a small prize (free drink, 10% off, etc.). The business owner gets their email and a notification.

You are NOT selling software. You are selling: more reviews + more customers + more emails — on autopilot.

PRICING (memorize)

	Price
Monthly	34€ per month
Yearly	340€ per year (pay once — saves 2 months, like getting 2 months free)
Free trial	7 days free — they can test everything before paying
Setup fee	0€ — nothing
Contract	None — cancel anytime

Simple line: "Less than 1€ per day to get Google reviews and customer emails automatically."

KEY WORDS — Explain these to yourself AND to the client

TOP 10 SELLING POINTS (advantages)

Use these in every conversation. Pick 3–4 that fit the business.

1. More Google reviews — without staff asking

Problem: Waiters forget to ask. Owners feel awkward.

STARSPIN: Customer does it alone on their phone because they want to spin the wheel.

Say: "Your team stops chasing people. The QR does the work while they wait for the bill."

2. Costs less than one ad campaign

Problem: Facebook/Google ads cost hundreds per month.

STARSPIN: 34€/month — fixed price, unlimited customers.

Say: "One extra customer per week pays for the whole month."

3. You collect customer emails legally

Problem: Businesses have no email list for promotions.

STARSPIN: Every winner gives their email to claim the prize.

Say: "You build a contact list automatically — download it and send 'come back this weekend' emails."

4. Customers come back (loyalty)

Problem: One-time visitors never return.

STARSPIN: Prizes like "10% off next visit" or "free dessert next time."

Say: "The prize brings them back — not just a one-time discount."

5. Setup in 10 minutes — no technician

Problem: Owners fear complicated tech.

STARSPIN: Sign up online, paste Google link, add prizes, print QR.

Say: "I can set it up with you on your phone in 10 minutes — no IT guy needed."

6. Your brand, not ours

Problem: Generic loyalty apps look cheap.

STARSPIN: Their logo, their colors, their page.

Say: "Customers see YOUR brand — looks professional, like you built it."

7. You control the prizes and costs

Problem: Afraid of giving away too much.

STARSPIN: They choose prizes (free coffee, 10% off), odds, and stock limits.

Say: "You decide what's on the wheel — small prizes, big impact."

8. Protection against cheaters

Problem: People might fake reviews or spin 20 times.

STARSPIN: Screenshot check + limit how often same phone can play.

Say: "You see the review photo before honoring the prize. Same person can't abuse it daily."

9. Owner gets an email every time someone wins

Problem: Owner doesn't know what's happening.

STARSPIN: Email with customer name, email, prize code, review photo.

Say: "Every win — you get an email. Name, email, coupon code, review screenshot. Nothing hidden."

10. Free trial — zero risk

Problem: "I don't want to pay for something that doesn't work."

STARSPIN: 7 days free, cancel in 2 clicks.

Say: "Try it free for a week. If you get zero reviews, cancel — you lose nothing."

WHO TO VISIT (best clients)

Best (say YES immediately):

- Restaurants, cafés, bars
- Hair salons, barbers, nail salons, spas
- Bakeries, ice cream shops, small shops with walk-in customers

Good:

- Hotels, gyms, yoga studios
- Any shop with a Google Maps page and daily customers

Skip (hard sell):

- No Google Maps listing
- No walk-in customers (online-only business)
- Owner refuses to give ANY small prize/discount

Talk to: Owner or manager — the person who cares about Google stars and Instagram.

WHAT HAPPENS — Step by step (show on your phone)

- Customer scans QR sticker on table
- Their phone opens a page with the shop's logo

- Step 1: "Leave a Google review" — opens Google Maps, they write review, come back

- Customer sees prize code on screen + gets email
- Owner gets email too — customer info + code + review photo

At the counter: Customer shows code → staff gives prize (free drink, discount, etc.)

OPENING LINES (copy-paste)

Walk-in:

"Hi, I'm [name]. We help shops like yours get Google reviews without staff asking every customer. Customer scans a QR, leaves a review, spins a wheel, wins a small prize — you get their email. 7 days free to try. Got 2 minutes?"

If busy:

"I'll leave a card — starspin.cc — 34€/month, free week trial. Can I show you on your phone in 3 minutes tomorrow?"

Phone follow-up:

"Hi, it's [name] from STARSPIN. Still interested in the free trial for Google reviews? I can send the link."

OBJECTIONS — What to say

"Too expensive"

"34€ is about 1€ per day. One extra customer per week covers it. Try 7 days free — if it doesn't work, cancel."

"My customers won't do it"

"They already use phones at the table. They spin for a FREE DRINK — takes 2 minutes. Make the prize something they want."

"I'm not good with computers"

"No app to install. Sign up on starspin.cc — paste your Google link, add prizes, print QR. I'll do it WITH you in 10 minutes."

"What Google link do I need?"

"Any link from Google Maps — Share button, 'Ask for reviews'. Even a short share.google link. We find your business automatically. No technical ID needed."

"How do you know they really reviewed?"

"They upload a photo of their review. YOU see it in your dashboard and approve it. You don't give the prize to fakes."

"Is this allowed by Google?"

"It's a thank-you gift for leaving an HONEST review — not 'pay for 5 stars'. Say 'leave your honest opinion, spin for a gift.' Don't promise money for stars only."

"We already have good reviews"

"Fresh reviews keep you on top. Plus you get EMAILS and repeat visits — not just stars."

"I need to think"

"Start the free trial today — zero charge for 7 days. Cancel anytime. What's your email? I'll send the link."

"Can you give a discount?"

"Price is on the website. Yearly plan saves 2 months. The free trial lets you prove it works first."

"What if I cancel?"

"Cancel in dashboard — wheel stops at end of month. Export your email list first if you want to keep contacts."

DO NOT PROMISE (important)

DON'T say	DO say instead
"Guaranteed 100 reviews"	"Many get reviews same day — depends on your traffic"
"Google officially approved"	"Promotional game — honest reviews"
"100% cheat-proof"	"Screenshot + your approval + limits on repeat plays"
"Free forever"	"7 days free, then 34€/month"
"We need your Place ID"	"Just paste your Google Maps link — we handle the rest"

HOW TO CLOSE THE SALE

- Free trial close: "Let's start your free week now — I'll watch you paste your Google link."
- QR close: "If I help you print a QR today, will you put ONE on a table this week?"
- Yearly close: "340€ for the whole year — saves 68€ vs paying monthly."
